

## Join the RoamAD Mobility Workshop at MuniWireless 2006: Minneapolis

*Learn how to deploy large-scale metro Wi-Fi and 4.9 GHz public safety networks supporting fast hand-off and roaming for mobile applications*

**Auckland, NEW ZEALAND—October 19, 2006**—Martyn Levy, CEO of converged wireless networking leader RoamAD, will lead a mobility workshop at the MuniWireless 2006 Minneapolis Conference taking place from October 22-24, 2006.

Workshop participants will learn how to design and deploy scalable converged wireless networks supporting fast mobile hand-off for voice, data and video.

Whether deploying a public safety network, where mobility is a core requirement, or a municipal Wi-Fi network, where demand for mobile VoIP/VoWiFi and UMA support continues to grow, it is important to take into account all of the components that are required to properly support latency sensitive mobile broadband applications on the network.

**Workshop:** Achieving High Performance Mobility On Metro Wi-Fi And Public Safety Networks

**When:** Monday October 23, 2006: 11:00am-12:30pm.

**Where:** Minneapolis Marriott City Center, 30 South 7th Street, Minneapolis, Minnesota 55402 USA. Maps and Directions: [click here](#).

**Booth:** Come and meet RoamAD and OEM Partner ADI Engineering in the conference exhibition hall. Booth #2.

**About RoamAD**

RoamAD supplies converged wireless networks for the Metro Wi-Fi and 4.9 GHz public safety markets. RoamAD networks are unmatched in flexibility, technical functionality and economics.

RoamAD's platform supports any combination of 900 MHz, 2.4 GHz, 4.9 GHz and 5 GHz in a four-radio wireless node configuration. Future software releases will enable support for 3.5 GHz and WiMAX. RoamAD networks are remotely upgradeable and optimized to support mobile broadband data and mobile VoIP/VoWiFi.

RoamAD is a trademark of RoamAD Holdings Limited. All other brand or product names are trademarks or registered trademarks of their respective holder(s). For more information see [www.roamad.com](http://www.roamad.com).
